

ECO LIFT ASSEMBLY MANUAL

WARRANTY DISCLAIMER

READ BEFORE USING PRODUCT

This product is a specialized lift designed exclusively for lightweight competition vehicles, specifically those weighing less than 4500 pounds and used off-highway. It is important to note that DirtCarLift.com does not have direct knowledge of the individuals who will utilize this lift or the specific contexts in which it will be employed.

This lift is a component that should be integrated into a larger system. It is crucial to use additional safety equipment, such as jack stands, which are not supplied with this product. Furthermore, only individuals who are proficient in operating hydraulic lifts should handle this equipment.

Due to the variable nature of how this lift may be used, DirtCarLift.com cannot provide any warranty, whether explicit or implied. The responsibility to determine the appropriateness of this lift for a particular racing application rests solely with the end user. It is imperative to understand that this lift is not designed for, nor should it be used in, vehicles that are driven on public highways. It has not been certified for such use. Improper use of this product could lead to severe injury or even fatality. The end user assumes all responsibility for any risks associated with the use of this lift

BEWARE OF:

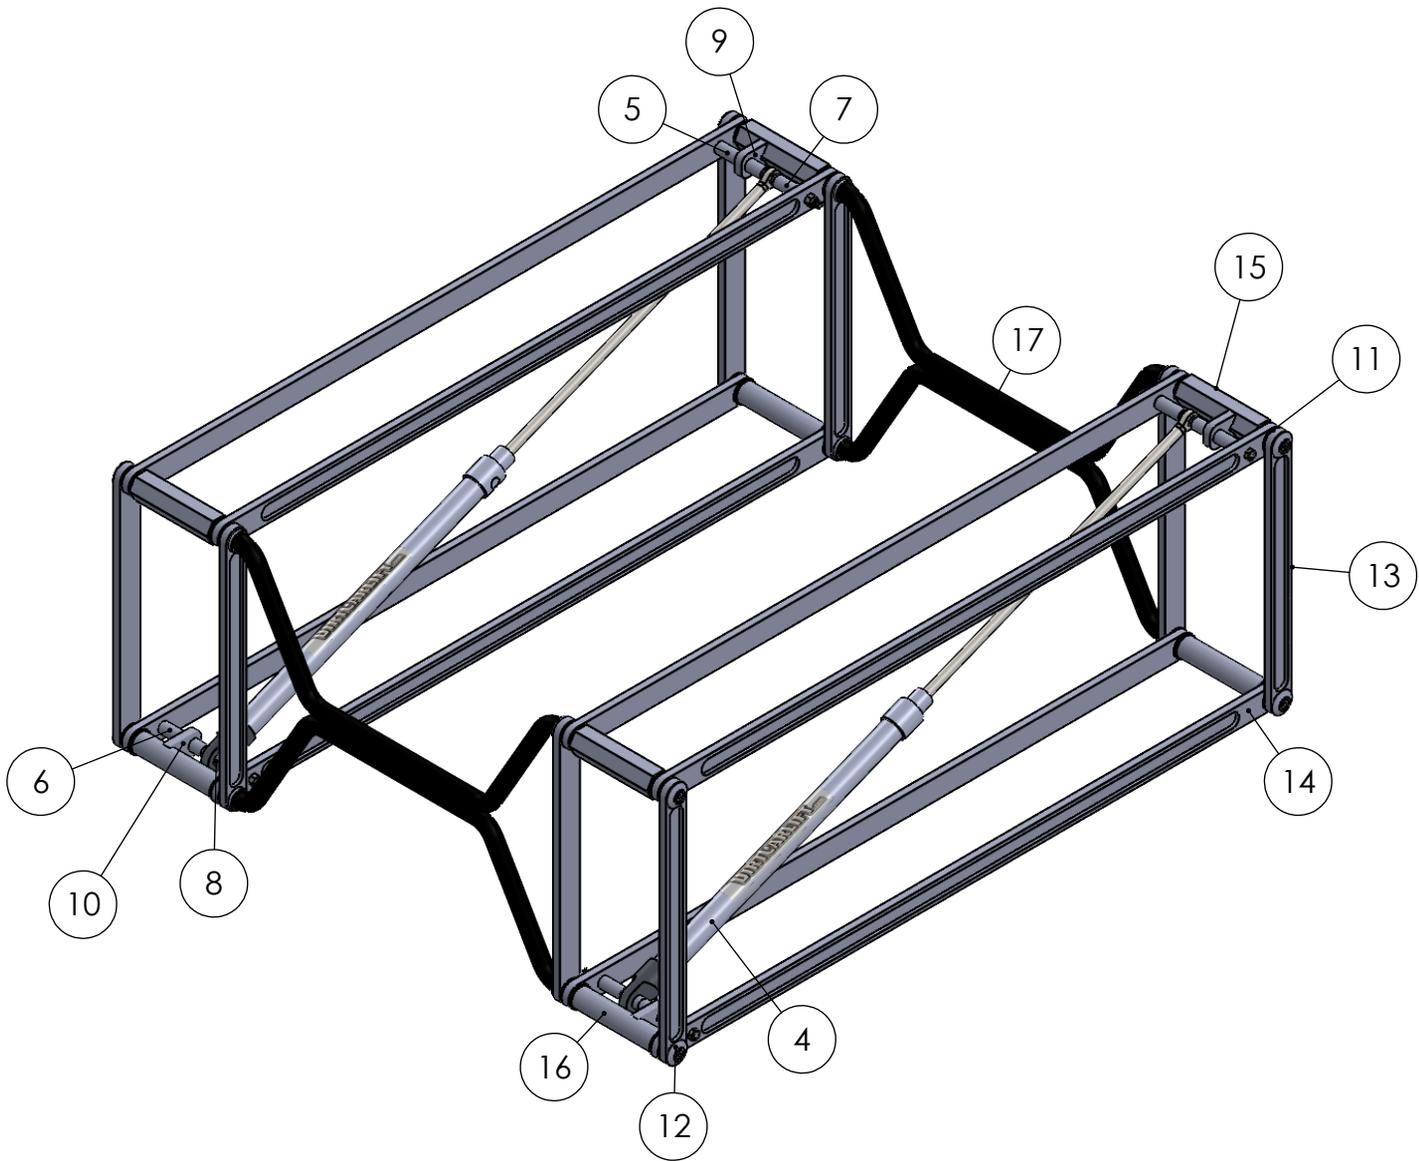

- PINCH POINTS
- OVER TIGHTENING FASTENERS
- STRIPPING FASTNERS
- INSUFFICIENT GREASGIN
- LOOSE PARTS
- LOSING PARTS

DO NOT:

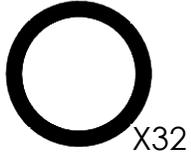

- EXCEED WEIGHT LIMIT OF 4000 POUNDS
- CUT INTO OR SHAVE OFF ANY MATERIAL FROM THE PRODUCT
- REPLACE OR CHANGE PARTS, UNLESS OTHERWISE INSTRUCTED BY MANUFACTURER
- OPERATE A DAMAGED PRODUCT
- INSTALL OR USE PRODUCT UPSIDE DOWN
- EXCESSIVELY DRIVE BOLTS AFTER THEY HAVE BEEN FULLY SEATED
- ASSEMBLE ANY PARTS WITHOUT READING THE NOTES
- ASSEMBLE TIGHT FIT PARTS WITHOUT PROPERLY GREASING THEM
- USE INCOMPATIBLE GREASE OR HYDRAULIC FLUID WITH THE LIFT

ITEM NO.	PART NUMBER	QTY.

FAQ

BATTERY SPECIFICATIONS

LENGTH; 7.75" WIDTH 5.125" HEIGHT: 7.25"

CRANKING AMPS; 430

CCA; 340-350

BATTERIES PLUS PART # **SLADC12-35J**

NAPA PART # **BAT 8227**

ADVANCE AUTO PART **U1-2**

HYDRAULIC OIL 1-GALLON PREMIUM CLEAR
AW32 OR BETTER

DO NOT USE ATF (AUTOMATIC TRANSMISSION
FLUID) OR ANY RED FLUID OF ANY TYPE
THIS WILL VOID THE WARRANTY ON THE
CYLINDERS/ PUMP/ HOSES /ETC.

WHAT ARE THE LIFTING CAPABILITIES?

4500LBS

WHAT HYDRAULIC SYSTEM DO YOU USE?

POWER UP/ POWER DOWN HYDRAULIC
SYSTEM

CAN I WASH MY CAR ON THE LIFT?

YES, BUT DO NOT PUT DIRECT WATER
PRESSURE ON THE CYLINDER SEALS

CAN I LEAVE MY CAR ON THE LIFT DURING THE WEEK?

YES. THERE IS NO LIMIT TO THE DURATION
OF TIME THE CAR CAN STAY ON THE LIFT

HOW MUCH DOES THE LIFT WEIGH?

67LBS

HOW MUCH DOES THE PUMP BOX ASSEMBLY WEIGH?

65LBS, BUT IT IS ALL HOUSED IN A COMPACT ROLL
AROUND TOOLBOX

WHAT ARE THE SAFETY FEATURES?

WITH OUR UNIT BEING POWER UP/ POWER
DOWN WE ARE ABLE TO GO PAST 90
DEGREES. WHEN THE LIFT IS ALL THE WAY UP
IT IS LOCKED. ALL LIFTS HAVE A BATTERY
DISCONNECT FEATURE AS WELL

WHAT ARE THE STANDARD DIMENSIONS?

- 41 INCHES OVERALL WIDTH
- 46.75 INCHES LONG
- 3 INCHES TALL WHEN COLLAPSED
- 32 INCHES CENTER TO CENTER
